

24 August 2022

Dear students,

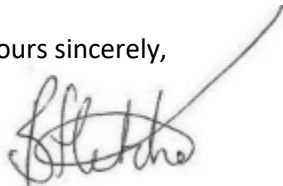

I hope you're enjoying the summer. Just a few important reminders before you return to college:

- You can access your **timetable** on Cedar from Saturday 10 September and lessons for Year 13 start on Monday 12 September. Changes to timetables may take place right up until Saturday morning so it is important to check your timetable on Cedar over the weekend.
- Remember that all your **SIL** must be complete by your first lesson in each subject.
- Please take time now to make sure all your **course folders** are organised before returning to college. Although you might wish to take out some of your notes and work from Year 12 and keep that in folders at home, please include all your Year 12 assessments in your Year 13 folders that you bring to college, to support your learning and revision.
- Your **college ID card** will be active until you complete your courses, so please make sure you know where yours is and that you bring your ID card and lanyard on your first day back at college.

Year 13 students that collected final results last week did fantastically well and I'd like to offer them our congratulations. From returning to college in September, there are 25 college weeks until your own final examinations begin and we are excited to see what you can achieve this year.

We look forward to seeing you all in a couple of weeks.

Yours sincerely,

Brendon Fletcher
Principal
