

## Psychology A Level (Yr 13) – Summer Independent Learning 2023

Your SIL includes two sections – Compulsory content on Psychopathology and recommended additional content

**Psychopathology** will be the first topic taught in the Year 13 course. You should have a Psychopathology booklet & you will be covering the sections on Characteristics and Definitions of Abnormality (pg 2-15)

Please complete the tasks in the order they are presented. If you are able to print this document, then please do so and **tick the checklist** as you complete each task. If you are unable to print this document, then download it / read and use it as a guide.

*You will be expected to produce all of this work as evidence of completion to your teacher upon your return to college in September*

Tick when each "mini" task is complete

Task Number & Title	Description of Task	(✓/✗) Task Complete
Preview work for <b>PSYCHOPATHOLOGY</b>	<p>Watch the three introductory videos to OCD, depression and Phobias as these disorders are referred to throughout the topic by clicking on the images for the links:</p>    	
<b>CHARACTERISTICS OF DISORDERS</b>	<p><b>Lesson 1 – Characteristics of Disorders</b></p> <p>Access the video lesson by clicking on the image for the link and complete all activities and exam Q's:</p>

### Lesson 4 – Deviation from Ideal Mental Health

Access the video lesson by clicking on the image link and complete all activities and exam Q's

### Lesson 5 – Statistical Infrequency

Access the video lesson by clicking on the image link and complete all activities and exam Q's

## ADDITIONAL CONTENT

It is recommended that you complete one of the free online courses related to psychopathology. You will not be tested on this material but it will support you in gaining more knowledge of psychopathology.

If you are thinking about applying to university to study Psychology, then this is an excellent way to demonstrate your interest in psychology beyond the curriculum and something that you can incorporate into your personal statement.
