

11 January 2024

Dear Parents/Carers,

### Invitation to the Cedar Web Portal

In advance of our parent evenings today and on the 17<sup>th</sup> of January 2024, we are writing to you to make you aware of our shared web portal Cedar, which is a fantastic means of keeping abreast of your student's progress.

This is where students, parents, teaching staff and support staff can all review important information recorded about each student such as:

- Commendations for class and homework and student of the month data
- Live data about a student's attendance and punctuality
- Student performance in internal assessments, mock exams and the ability to compare against target grades
- The interventions that a teacher has put in place if support or extra help may be required

Being aware of how your student is progressing in advance of the parents evening would mean that the discussions can be much more targeted and allow you to think about the questions you have in advance, so creating an account and logging in regularly to the system is strongly encouraged.

If you need to set up an account, help can be found at this link: <https://ncdoncaster.ac.uk/cedar/>.

Any problems, the email address for technical support about logging on to the system is:  
[NCD-StudentServices@nclt.ac.uk](mailto:NCD-StudentServices@nclt.ac.uk).

In addition, Daniel Wood (Assistant Principal) has produced a short video about using the system, if you feel you may need a quick tutorial, and this can be found on the following link:  
<https://vimeo.com/888731854/c7dfd67471?share=copy>

Kind regards,

Mark Ibbertson  
**Associate Senior Leader, New College Doncaster**
