1. Give the 7 external factors that can influence demand and costs.

3.2 Managers, leadership and decision making

3.2.1 Understanding management, leadership and decision making

- 1. What are the 5 roles of the manager?
- 2. Draw and label the Tannenbaum Schmidt continuum.
- 3. List the different leadership styles that exist.

3.2.2 Understanding management decision making

- 1. Define what is meant by 'scientific decision making' and given an example.
- 2. Define what is meant by 'intuitive decision making' and given an example.
- 3. Draw a decision tree below for a decision of your choice and calculate the expected values and net gains.
- 4. Give the five key influences that could influence decision making in a business.

Year 12 into 13

3.2.3 Understanding the role and importance of stakeholders

- 1. Draw and label the stakeholder mapping theory below.
- 2. List 3 different influences on the business' relationship with its stakeholders.
- 3. What are the different 5 different ways a business can manage its relationship with different stakeholders.

3.3 Decision making to improve marketing performance

3.3.1 Setting marketing objectives

- 1. List 5 different marketing objectives a business may set itself.
- 2. List two internal and external influences on marketing objectives.

3.3.2 Understanding marketing and customers

- 1. Give two types of primary research.
- 2. Give two types of secondary research.
- 3. Give two benefits of using qualitative data.
- 4. Give two limitations of using quantitative data.
- 5. Draw below a marketing map for the soft drinks industry.
- 6. Give the formula for market share.
- 7. Give the formula for market growth.
- 8. List the three different types of sampling.
- 9. Explain what is meant by a strong positive correlation.
- Explain what is meant by a weak negative correlation.
- 11. Explain what is meant by the term 'confidence interval'.
- 12. Explain what is meant by the term 'extrapolation'.
- 13. What does it mean if a business has a price elasticity demand value of -0.8? What does this mean for the business?
- 14. What does it mean if a business has a price elasticity demand value of -1.8? What does this mean for the business?

3.3.3 Making marketing decisions: segmentation, targeting and positioning

- 1. Give the four different ways a market can be segmented.
- 2. What is the difference between a niche and a mass market?

newcole

3.3.4 Making marketing decisions: using the marketing mix

- 1. Define the marketing mix (including the 7 P's).
- 2. Draw the Boston Matrix below.
- 3. Draw the Product Life Cycle below.
- 4. Explain the difference between penetration pricing and price skimming.
- 5. Give three promotional methods that could be included in the promotional mix.
- 6. Give three distribution channels that could be used by a business.
- 7. What is meant by the term 'e-commerce'.

3.4 Decision making to improve operational performance

3.4.1 Setting operational objectives

- 1. Give the 6 different operational objective that a business may set itself.
- 2. Give two internal and two influences on the operations objectives.

3.4.2 Analysing operational performance

- 1. Give the formula for labour productivity.
- 2. Give the formula for unit costs.
- 3. Give the formula for capacity utilisation.

3.4.3 Making operational decision to improve performance: increasing efficiency and productivity

- 1. Define 'capacity'.
- 2. Define 'lean production'.
- 3. Give two benefits and two difficulties of using lean production.
- 4. What is meant by the optimal resource mix?
- 5. How can technology be used to improve operational performance?

3.4.3 Making operational decision to improve performance: quality

- 1. What is meant by the term quality?
- 2. What is the difference between quality control and quality assurance?
- 3. Give two benefits of improving quality.
- 4. Give two consequences of poor quality.

3.4.5 Making operational decisions to improve performance: managing inventory and supply chains

- 1. Define the term 'mass customisation'.
- 2. Give three ways a business can manage supply to match demand.
- 3. Draw and fully label an inventory control chart below.
- 4. List 5 influences on the choice of supplier.
- 5. Define the term 'outsourcing'.

3.5 Decision making to improve financial performance

3.5.1 Setting financial objectives

- 1. Give 5 financial objectives a business may set itself.
- 2. Give two internal and external influences on the setting of financial objectives.

3.5.2 Analysing financial performance

- 1. Define the term 'budget'.
- 2. Explain what a 'favourable variance' is.
- 3. Explain what an adverse variance is.
- 4. Draw and complete a cash flow forecast below.
- 5. Explain what a 'payable' is.
- 6. Explain what a 'receivable' is.
- 7. Draw and label a breakeven chart below.
- 8. What is the formula used to calculate breakeven output.
- 9. Give two benefits of using breakeven analysis.
- 10. Give two drawbacks of using breakeven analysis.

3.5.3 Making financial decisions: sources of finance

- 1. Define and give one benefit and one drawbacks of 'debt factoring'.
- 2. Define and give one benefit and one drawbacks of 'overdrafts'.
- 3. Define and give one benefit and one drawbacks of 'retained profits'.
- 4. Define and give one benefit and one drawbacks of 'share capital'.
- 5. Define and give one benefit and one drawbacks of 'loans'.
- 6. Define and give one benefit and one drawbacks of 'venture capital'.

3.5.4 Making financial decisions: improve cash flow and profits

- 1. Give 4 ways that a business can improve its cash flow.
- 2. Give 4 ways that a business can improve its profits.

3.6 Decision making to improve human resources decision making

3.6.1 Setting operational objectives

- 1. Give 6 HR objectives that a business may set itself.
- 2. Give two internal and two external influences on the setting of HR objectives.

3.6.2 Analysing human resource performance

- 1. Give the formula for labour turnover.
- 2. Give the formula for labour retention rates.
- 3. Give the formula for labour productivity.
- 4. Give the formula for labour turnover.
- 5. Give the formula for employee costs as a percentage of turnover.
- 6. Give the formula for labour cost per unit.

3.6.3 Improving organisational design and human resource flow

- 1. Summarise the Hackman and Oldham model below.
- 2. Give the 5 influences on organisational design.
- 3. Define the term 'delegation'.
- 4. Explain the difference between centralisation and decentralisation.
- 5. Give 5 elements included in the human resource flow.

3.6.4 Making human resources decisions: improving motivation and engagement

- 1. Give the 5 motivational theories that exist.
- 2. Give four financial methods of motivation.
- 3. Give two benefits of having a motivated workforce.

3.6.5 Making human resource decisions: improving employer-employee relations

- 1. Explain what is meant by the term 'trade unions'.
- 2. Explain what is meant by the term 'work councils'.

Task 2 – Potential Exam Questions. Choose <u>ONE</u> exam question from each specification area to answer in full. Answer them as 16 mark questions.

3.1. What is business?

- 1. Do you agree that a Business is correct to set up as a public limited company rather than a private limited company? Justify your view.
- 2. Do you think that shareholders are the biggest influence a Businesses decision to expand in to global markets? Justify your view.

3.2 Managers, leadership and decision making

- 1. Evaluate the possible implications of a manager changing their leadership style using the Tannenbaum Schmidt continuum. Justify your view.
- 2. Evaluate the value of a Business using decision trees to aid their decision making. Justify your view.

3.3 Decision making to improve marketing performance

- To what extent do you think that product is the most important element of the marketing mix? Justify your view.
- 2 To what extent do you think that primary market research helps Businesses more than secondary market research? Justify your view.
- 3 To what extent do you think it is a good idea for Businesses to change its positioning in the market? Justify your view.

3.4 Decision making to improve operational performance

- 1 To what extent do you think that adopting lean production is guaranteed to lead to higher profits? Justify your view.
- 2 Do you think that outsourcing is the best option for a Business to do to help match their supply to demand? Justify your view.

3.5 Decision making to improve financial performance

- 1 Evaluate the best ways for a Business to improve their current breakeven output.
- 2 Do you think that debt factoring is the best way for a business to improve their cash flow? Justify your view.
- 3 Do you think that Businesses are right to use venture capital rather than a loan to fund the investment into new technology? Justify your view.

3.6 Decision making to improve human resources decision making

- 1 To what extent should a Business be concerned about the rise in the company's unit labour costs? Justify your view.
- 2 To what extent will a decision to decentralise enable a Business to achieve its HR objectives? Justify your view.
- To what extent is the decision by managers at a Business to use non-financial methods of motivation for its employees the best way to improve its competitiveness?. Justify your view.

Task 3 – Preview Work

Within the first couple of weeks of you returning as a year 13 student you will look at topic 3.7.3 assessing the existing internal position of a business to assess strengths and weaknesses – overall performance. In this topic you will look at different ways to assess Business performance. To help you do this you will be introduced a new theory; Elkington's Triple Bottom line. In preparation for learning on this, please complete the following:

Elkington's Triple Bottom Line

Watch the video tutorial on Elkington's Triple Bottom Line and answer the questions that follow: https://www.tutor2u.net/business/reference/corporate-social-responsibility-elkingtons-triple-bottom-line

- 1. Draw and fully label Elkington's Triple Bottom Line theory.
- 2. What does profit measure?
- 3. What does people measure?
- 4. What does planet measure?
- 5. Give two benefits associated with Elkington's Triple Bottom Line.
- 6. Give two drawbacks associated with Elkington's Triple Bottom Line.

Part Two – Strongly Recommended Additional Content

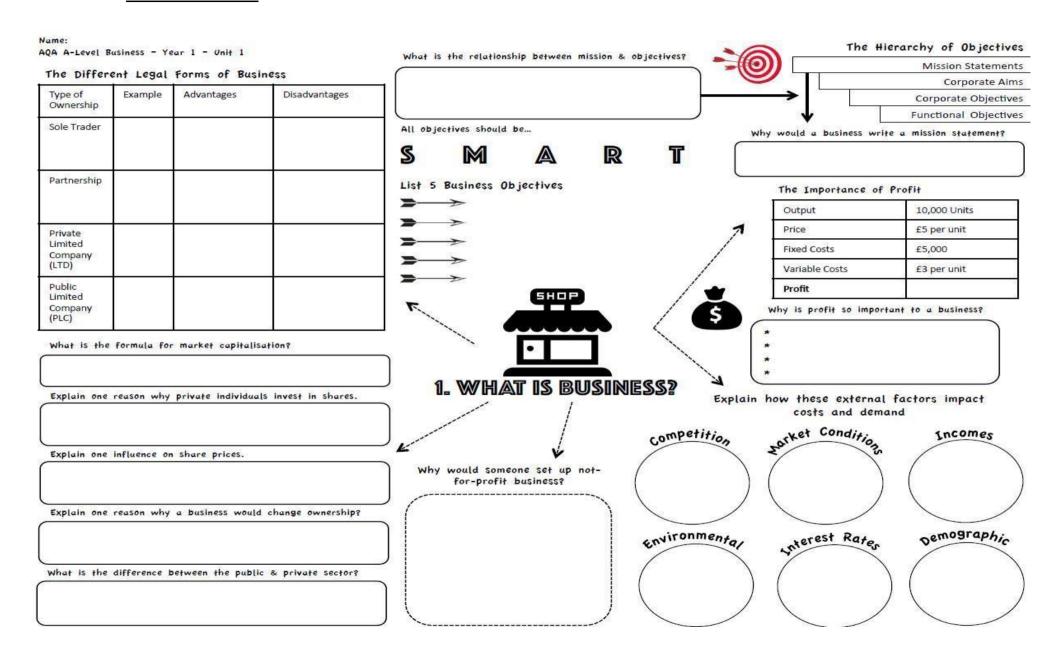

The section below should take between 4 to 6 hours to complete

Task 1 – Mind Maps

Please complete the following six mind maps.

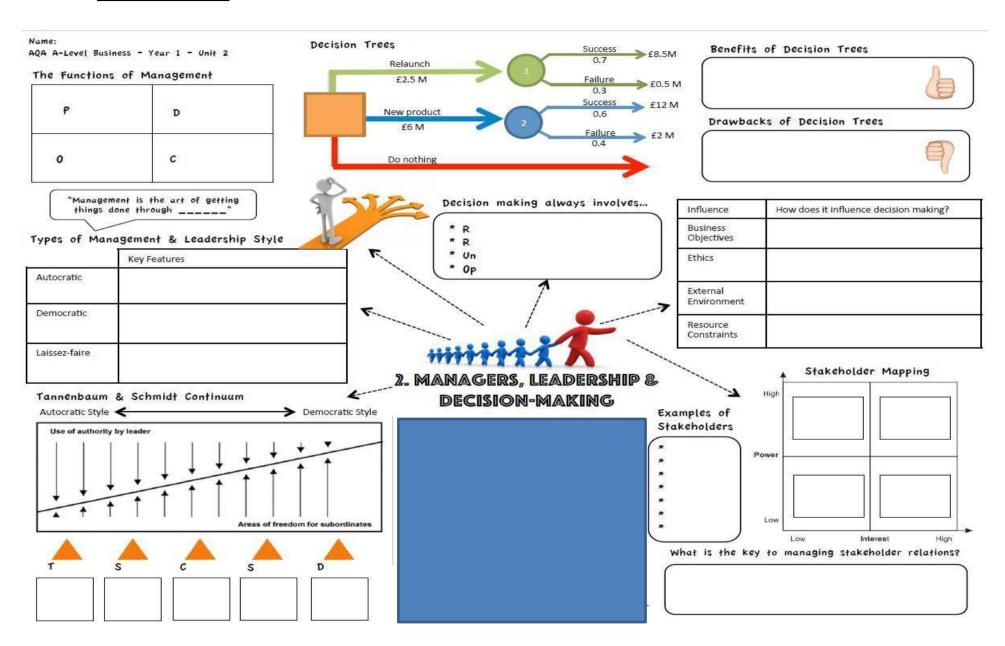

Year 12 into 13

Name. The main variables compromising a firms marketing strategy. THE MARKETING MIX - 7P'S AOA A-Level Business - Year 1 - Unit 3 An integrated marketing mix fits together to support the sale. Task 3 – Exam Technique

"To what extent are cyber attacks the biggest external threat to businesses operating internationally?" 25 marks

https://www.bbc.co.uk/news/articles/c0el31nqnpvo

You are to produce an essay that looks at whether cyber attacks are the biggest threat to businesses operating internationally. Use the following structure to support:

Paragraph 1	Define a key term relevant to the question	
	P oint – answer the question directly with a knowledge point (<i>To some</i>	
	extent, I think	
	Cyber attacks are the biggest external threat to businesses operating internationally	
	because)	
	Evidence – use evidence from the article to support your	
	knowledge point (In the article it states)	
	Analysis – develop at least 3 chains of logical argument to analyse	
	why the point you have made makes cyber attacks the biggest	
	external threat (this means therefore as a result)	
	Link back to question – summarise your point with evaluation whilst	
	linking back to the question	
Paragraph 3	Point – answer the question directly with a knowledge point (However,	
	to some extent I don't think cyber attacks are the biggest external	
	threat to businesses operating internationally because)	
	Evidence – use evidence from the article to support your	
	knowledge point (In the article it states)	

A-level Business: Summer Independent

Learning Year 12 into 13

	Analysis – develop at least 3 chains of logical argument to analyse why	
	the point you have made makes cyber attacks less of a threat (this	
	means therefore as a result)	
	Link back to question – summarise your point with evaluation whilst	
	linking back to the question	
Paragraph 4	Answer the question with a judgement (Overall, I think cyber attacks	
Paragraph 4		
	are/are not the biggest external threat to businesses operating	
	internationally.)	
	Justify judgement including a summary of your previous point and an	
	additional point to sway your argument (I think this because I also	
	think this because)	
	It depends on — think about why your judgement may change why	
	It depends on – think about why your judgement may change/why	
	others may disagree with you (However, whether they do survive or	
	not may depend on)
