

NCD A Level Graphic Design

What you need to
complete for your
portfolio submission.

Overall Summary

For your portfolio you should **complete a mini-project that shows your design skills.**

Your portfolio will consist of 3 parts:

1. **Research:** a moodboard of logo inspiration, mind maps of logo ideas and an analysis of one logo design.
2. **Develop:** this will require you to take inspiration from your research to come up with multiple ideas sketches for your own logo design.
3. **Make:** inspired by your sketches have a go at drawing out your best logo design and adding colour. Extension - use canva to create a finished digital version of your logo.

Use Google Slides or Powerpoint to present your work.

More detail about the tasks and guidance is available on the next 4 slides.

Your portfolio should be emailed as photos or a PDF to vatech@ncdoncaster.ac.uk. Deadline info is on the last slide.

Research

2 hours

1. Pick either an existing **food/restaurant brand** or a **clothing brand** you want to redesign e.g. taco bell, zara, adidas, nandos, kelloggs etc.
2. Produce a **mood board of at least 10 food or clothing logo designs** using pinterest that you like the style of. **Write a short paragraph** explaining what you like about them (e.g. colour, fonts, use of images or shapes?) and what ideas they have given you.
3. **Analyse** one example from your moodboard (100-200 words). **Describe** the logo (what kind of colours, fonts, images does it use), **identify** the audience of the brand (who would buy their products, how does the logo fit with this?) and **give your opinion** of the design. Why do you think it is successful?

Develop

2 hours

1. Create a **mini mindmap** with the name of your chosen **food/restaurant brand** or a **clothing brand** in the centre.
2. Write around it **images** that link to the brand, **colours** you could use, what kinds of **fonts or lettering** might you use, what type of **style** do you want to go for (fun and friendly, clean and professional, stylish and luxury etc), and any other ideas inspired by the examples on your moodboard.
3. **Produce 6 rough sketches** (no bigger than a post it note each) for your own redesign of the logo, using ideas from your mind map and inspired by examples on your moodboard. **NO PINTEREST COPIES!**

Make

3 hours

1. Inspired by your sketches **draw out your best logo design A5 and add colour.**
2. Sketch it out in **pencil first!** Then use **fineliners/pens** of different thicknesses to do the line work (thick for outlines, thin for details), then **add colour** with your choice of coloured pencils, water colour or felt tip markers.
3. **Extension** - use canva.com (or your own preferred digital software) to create a finished digital version of your logo.
4. **Click the link below** to start with a blank logo design, then use the **elements** and **text** options on the left to create your design.
